

# NFL 2007

**Blondie Wins A Second Week!** It was an easy week for most of us with 5 players getting 13 correct. Saskie Guru (55) , Buff (51), Snowbird (42), Scratch (40) and Blondie (47) all had 13. Blondie takes the week as she was closest to the total Monday night score of 48. After spending the first half of the season at the bottom of the pack, Blondie has moved up and is now only 8 behind the leader. Crusher is now alone at the top of the pack with Old-Cro 1 behind and Cash in third, 4 behind. With 3 weeks left in the season it should be a good race. Loser of the week is Wonder Dog with 5 correct, we didn't receive Retired picks and Seahawk Sam submitted a blank sheet so they both get 4. Doughboy is now alone in the race for the last place prize because Hawk, Seahawk Sam and Saskie Guru have failed to submit their picks at least once this season.
