

NFL 2008

Another NFL season is upon us and it is time to start the Commish's 16th annual football pool. This year the entry fee is \$35 which includes \$5 for the playoff pool. Depending on how many people are in the pool the weekly prize will be \$20 to \$25 (or more). Prizes will also be awarded to the leader at the halfway point (After week 9), first, second and third places at the end of the season. The money breakdown will be announced at a later date. **For ease of administration all prizes will be awarded AFTER the season is over.** The rules are the same as last year (contact me if you have any questions.) Any games that are "off" the board will be treated as picks. Your picks are due by 6 pm the night before the first game of the week **there will be absolutely no exceptions.** If your picks are not in on time you will get the default of 1 less than the lowest score for the week. Weekly ties will be broken by the closest Monday night total score. As before everybody will be known by an alias (try to be creative). The pick sheets will also be available online – www.thepercys.com/football.

You can submit your picks via :

Fax: (905) 465-0029

e-mail: doug@thepercys.com, or

Telephone: (905) 465-1301

Please let me know your fax or e-mail address so I can send you a weekly sheet with the standings and the spreads for the week.

Good Luck!

The Commish

Week 1

Note there is a Thursday game but we are not counting it

Favourite	By	Underdog
Sundays Games
